

Chancen durch Bildung

CHANCEN DURCH BILDUNG e.V.
A Society supporting Malawi's Youth
Munich

OUR FOCUS:

www.chancendurchbildung.de

- Education for children and young people in Malawi, one of the poorest countries of the world
- Efficient and transparent work
- 20 years support to more than 20 school buildings and 1.750 students

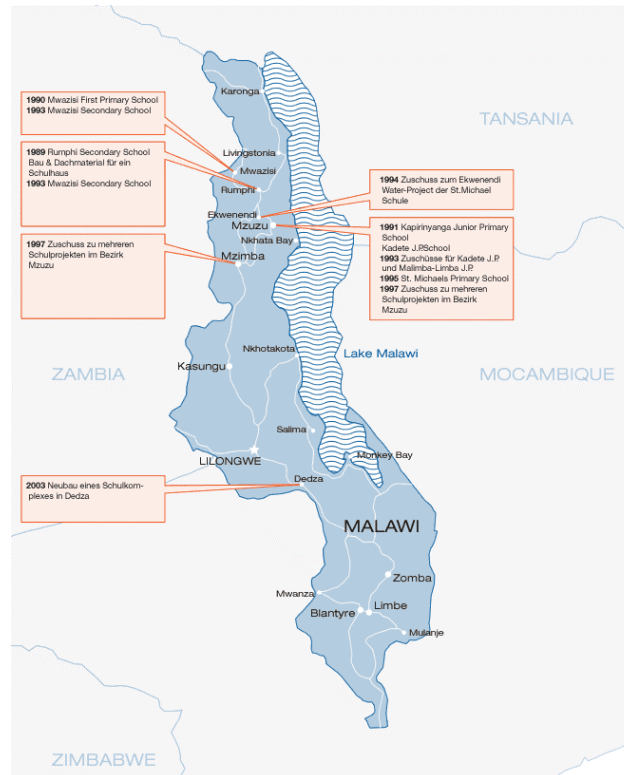

St. Michael's School Football Team Mzuzu (North Malawi) sponsored by "Chancen durch Bildung"

15 years ago it was one student's idea to help needy students in Malawi. This was a one-off venture but now we are accredited as a non-profit

non-governmental organization. We support communities in constructing schools and organizing teaching materials. We also help students and trainees with tuition scholarships.

Malawi lies in South-East Africa; it is about half the size of Germany and has around 13 million inhabitants. Although Malawi is governed by one of the few stable democracies in Africa, it is among the 10 poorest countries in the world

Malawi can be compared to countries such Ethiopia, Sierra Leone und Rwanda. The average life expectancy averages around 37 years, as a result of an increasing HIV infection rate. Investments in education provide better health,

more active participants in civil society and a higher standard of living.

We search for sponsors, do networking and public relations, analyze and decide on projects in Malawi. We are in close cooperation with our contacts in Malawi and other organizations, e.g. with the Malawi Work Group at Wilhelms-gymnasium Munich, with the GTZ, with the German Institute for medical Mission (DIFÄM), with the White Fathers in Malawi and with the German Ministry for Development.

PROJECTS (see map)

Currently: constructions of school buildings etc. in

*the area of Dedza/ Middle Malawi, sponsored through a donation by Sternstunden e.V. (Charity sponsored by a Bavarian Broadcasting Company)

* Northern Malawi around Mzuzu: Tapokera Orphan Care Center, Nambo, and more

Furthermore: scholarship programs at Technical College Mzuzu and St. John's Nursing School Mzuzu

Completed: more than 20 school buildings with two classrooms each, e.g. for Rhumpi secondary school (sec-s), Kasungu sec-s, Mwazisi primary school (prim-s), Kpirinyanga prim-s, Kadete prim-s, Malimba-Limba prim-s, Mwazisi sec-s, St. Michaels (Ekwendeni) school-water-project, Timbalala prim-s, Kamwiwo prim-s, St. Elisabeth prim-s., Rozario prim-s, Kasungu prim-s, Mulanje Distance Education School DEC.

Transportation of medicine: 1993 Mulanje Mission Hospital and 1997 / 2001 St. Annes Hospital Nkhotakota, Central Hospital Lilongwe.

We have funded student scholarships for around 1.200 primary students, 550 secondary students plus 3 students at Technical Colleges.

School building in Malawi, 1997

AID DIRECTIVES

- Leveraging self-help – only projects which cannot be fully handled on site by local authorities and which promise a significant improvement to community life
- Supporting students at Technical Colleges to preserve and establish important handicrafts. We aim for long-term cooperation with the supported students and communities for maximum sustainability of the committed investment. Regional focus on projects in the North of Malawi, where only minimal investment in education takes place.
- Our work is guided by research and work conducted by the German Ministry for Development and international wide accredited organizations.
